

UNPACKING THE MONITOR

It is recommended that two people unpack and set up the 3D PluraView monitor

- Place the PluraView box with the TOP SIDE facing upwards.
- Open the carton flaps with the label **OPEN HERE**.
- Pull the upper foam padding together with the mirror **HOLDING** the **MIRROR** firmly. Careful: glass!
- Take the mirror out of the foam padding and place it carefully on the flat clean surface.
- Pull the monitor out of the carton, remove the foam paddings. Place the monitor on the stable flat surface.
- Follow further assembly and calibration instructions
